Injury Research Program for Medical Students: Summer 2021

Conduct your own research under the supervision and guidance of internationally-known faculty researchers. More than 110 of our students have published their research.

GOALS
Participants in the Injury Research Program will:
• Learn important research, statistical, and data analysis skills
• Learn how to write a scientific manuscript
• Complete a manuscript as first author based on their research and submit it for publication

APPLICATION
• Deadline for applications is 5:00pm Eastern Time on Monday, January 11, 2021
• For details about the program and application process, visit www.bit.ly/SummerInjuryResearch

DETAILS
• Two to four students will be selected from among the applicants
• The training period is 8 weeks. Students will work 40 hours per week from June 7 - July 30, 2021
• Each selected student will receive a stipend
• Rental housing is available near the Injury Research Center for visiting students
